1. It is with great pleasure that I forward the Citation for Meritorious Service for the [REDACTED] in recognition of the [REDACTED] superior performance during the crises in Vietnam and Cambodia in April and May of this year. I well understand the enormous physical and professional burdens placed on the already busy [REDACTED] during these months. Your and the [REDACTED] staff have responded admirably to these challenges, and in the true traditions of our service. The sustained extra effort of the [REDACTED] during these difficult times enabled [REDACTED] to provide the U.S. Government with invaluable reporting on significant developments in a critical world area.
